Rules:

- Race is open to babies of crawling age who **do not walk** yet. A baby that takes one walking step during the race will be disqualified.
- Participating babies must have **two** people present during the contest -- one at the starting line and one at the finish line. Spots are assigned based on registration. No changes are permitted.
- A 2-minute time limit is set for each "heat" (group race). If a baby does not touch the finish line by the 3-minute mark, the closest baby to the line will be declared the winner.
- The first baby that touches the finish line with any part of their body is declared the winner of that race.
- The judges declare the winners and their decision is FINAL. No instant replays.
- Helpers are not allowed to touch the baby during the race.
- Helpers must stay behind the lines at all times.
- Helpers are not allowed to assist babies across the finish line.
- You may use toys or other items that will attract the baby. These items may not enter the race area or be thrown across the race area.
